Alderman Says He Changed Mind to Spite The Bulletin

ASSIGN CITY'S GAS RIGHTS

Plebiscite to be Taken on the

Question of Pay for Aldermen

Electric proposition obtained a staging in the council chamber yesterday afternoon, when the bylaw giving a ratification to the agreement recently voted upon, with subsequent amendments thereto, was given two readings.

The one member responsible for the

change in the standing of the council since the meeting on the 23rd instant, when the submission of the yaw was defeated by the casting vote of Mayor Henry, was Alderman

Clarke, who ended up a series of howls, detections in the form of the bylaw, and a prolonged and venomous attack on the Bulletin and others, by throwing in the deciding vote in favor of the ratification of the bylaw.

Those voting against the adoption were Aldermen Williamson, McArthur, Evans and Raymond. Nine of the ten

Shaney and Sheppard, when the two readings had been given the measure, A.D. Sheppard protested against a third and final, one objection being sufficient to delay the third reading until a subsequent meeting. Alder-

Ken Kinney and McArthur stated that they saw no reason for prolonging the matter now that a majority of the council were in favor, and Mayor Henry and Ald. Williamson took the same stand. "This is where the race

for this council for once," said Ald. Sheppard.

He was not satisfied that the agreement was the best that might have been obtained, but he was not one to stand in the way of the people, were they convinced that the recent vote was

ne perfectly regular and legal. This
e very much doubted, and moreover
e was opposed to tying the city up
er 30 years to something that he felt
as not a good proposition.

Alderman McArthur thought that

Some day the people would wake up and find themselves sorry that they had given the agreement a majority. While the majority of the people had assumed responsibility for endorsing

he contract he had been legally advised that as an alderman he would be held to account for approving of the bylaw when he had been told by the city solicitor that the agreement was a franchise.

Alderman Picard was the only alderman, aside from Alderman Clarke, who gave a statement why he was voting in favor of the bylaw. He reminded them that while the legality

the agreement was being attacked. They must remember that the council had been advised not only by their solicitor but by an expert engineer engaged for that purpose.

Alderman Clarke took up twenty minutes of time in the committee of the whole in an attack on the Bulletin declaring his alleged fealty to municipal ownership, and finally end-

ing up with stating that he was not going to vote against the bylaw because he had reason to believe that the Bulletin was opposed to it, and turning it down might help in fixing

"I just want to say to you, Alderman Clarke," said the mayor, "that you think you are doing your duty by the city in voting against your own convictions and expressed principles."

...the Bulletin, you should have
...other think coming. I am going to
...pose this because I think it is not
...the best interest of the city, and

do not know anything about these secret meetings' and 'slates' that you talk about, but I should think the bulletin would still have a right to and will likely continue to take a

and for what it believes to be in the best interests of this city. I don't think the people will be deceived by our attempt to mislead them in explaining your attitude on this question."

At the outset of the introduction of the committee's report on the power law, Aldermen Clarke and Shepard moved an amendment that the law be gone into by a committee of

whole before the report was adopted, and they were supported by Aldermen McArthur and Williamson. Alderman Kinney voted both against the amendment and the motion, which was carried, to the effect that the re-

was published some days ago, was
halt with clause by clause, and
adopted without change. Solicitor
own gave it as his opinion, in answer
Ald. Williamson, that the forfeiture
cause relating to the \$50,000 was as

long as it could reasonably be made. He cited the case of the company which acquired the street railway franchise of Edmonton some years ago and from which the city secured an annuity of \$10,000 for the non-ful-

defect in the water-works department was also being remedied. The mayor referred to the fact that the three money bills to be voted upon Dec. 15. The first was a bill to amend the act relating to the city's debt, the second a bill to amend the act relating to the city's debt, and the third a bill to amend the act relating to the city's debt.

The second bill was to provide for the installation of a sewage disposal plant, rendered necessary by the fact that the city was extending the sewerage system and it was necessary to provide for the disposal of the sewage. The mayor stated that the bill was a very important one and that it was necessary to pass it as soon as possible.

Tax Enforcement. His worthy colleague who was concerned with any means of revenue, the mayor stated in explanation of the proceedings that would be taken in 1916, that the city has no alternative owing to the financial situation. It is probable that there is a larger amount of tax delinquency than in any previous year and it would be impossible to finance without collecting some of the taxes.

Tax laws in Saskatchewan during the year had been very strict and the mayor stated that the result in Edmonton was a fine record. In Regina, Moon Jaw, Saskatoon and other cities, the result was a fine record. In Regina, Moon Jaw, Saskatoon and other cities, the result was a fine record.

Two Years to Redeem. In explaining the difference between a tax enforcement, which is proposed in Edmonton, and a redemption, which is proposed in Regina, the mayor stated that the difference was in the time limit.

The subject aroused the most interest in the audience. The mayor stated that the question was a very important one and that it was necessary to pass it as soon as possible.

Alderman Frith. As chairman of the finance committee, Alderman Frith, who was the speaker of the committee, was the most optimistic report. It being his opinion that the city was in a very good position.

Reducing expenses by turning off the lights in the city hall and reducing the salaries of those retained after the election were not a pleasant undertaking, as he assured the audience that the city was in a very good position.

THE GREAT BLOOD PURIFIER

"Fruit-a-tives" Cleans, Purifies, Enriches

"Fruit-a-tives" is Nature's own remedy. "FRUIT-A-TIVES," the famous fruit medicine, keeps the blood pure and rich because it keeps the whole system free of impurities.

"Fruit-a-tives" improves the skin. Action, enables the system to digest food properly; makes the bowels move regularly; and relieves the strain on the kidneys.

By its cleansing, healing powers on the "channelling" organs, "Fruit-a-tives" rids the system of all waste matter and thus insures a pure blood supply.

OLD FOLKS NEED 'CASCARETS' FOR LIVER, BOWELS

Salt, Calomel, Pills Act on Bowels Like Pepper Acts in Nostrils

Enjoy life! Don't stay bilious, sick, leadachy and constipated.

Get a 10-cent box now. Most old people must live for the bowels some regular habit. They suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are weaker. So all old people need Cascarets. One night as well as twice a week. Use with clean as to regular. This habit will lead to health. This is important to all who live, never so much as old.

Age is not a time for harsh physics. Youth may occasionally wish the bowels into activity. The bowels are used every day. What the bowels of the old need is a gentle, natural tonic. One that can be constantly used without harm. The gentle tonic is Cascarets, and they want only 10 cents per box at any drug store. They would surely not stop.

STANDS THE GAFF UNCOMPLAININGLY

Winston Churchill takes his Medicine With Graciously Without Manner.

London, Dec. 1. 4 am. Winston Spencer Churchill, who resigned as chancellor of the Exchequer, to join British forces in the field, embarked by the Daily Express for early promotion to the rank of general with the command of a brigade. The paper says he has been the most difficult school in the army, for the general unit to which he is attached, under the command of Col. Jefferys, is noted for its indifference to personal comfort.

When Mr. Churchill joined the general, he found himself in a very less doubtful and supplied with the ordinary army ration. He did not grumble, however, but entered cheerfully upon his task. An officer in the same command, writing to a friend about Mr. Churchill's experiences, said: "The first night he suffered, badly and it was some time before he was able to warm him up, but after partaking liberally of the ration he thawed out and talked interestingly for an hour. He was taken for a round of the trenches, until 2.30 o'clock, in the morning, but in spite of having grumbled never complained. He was called again at six o'clock, and the next night after the usual cold storage he took charge of his command."

HE LOOKS FOR NO GOOD NEWS FOR MONTHS TO COME

Andrew Bonar Law Does Not Look Hopefully on Near East Situation.

BUT WAR IS NOT TO BE WON IN EAST HE SAYS

Great Britain's Wealth Has Not Been Touched—Safe In the West.

London, Dec. 1. 10 am. Bonar Law, secretary for the colonies, presiding last night at the St. Andrew's day banquet, declared he felt more hopeful as to the outcome of the war than he had for months past. In reply to a statement in German newspapers that he had said Great Britain was on the point of bankruptcy, Mr. Law said the country was a long way from that, but that he did not intend to go on indefinitely on the present scale. But the wealth of Great Britain, he added, had not even been touched as yet, and should bear the strain for a far longer period than her enemies.

Three Times Greater. Speaking of the great armies which Great Britain had raised, Mr. Law said the number of men killed or wounded up to the present was threefold greater than the entire expeditionary force at the outbreak of the war.

Referring to conditions in the Near East, he said that it was no longer than could be suffered from the newspapers. "I am further," he continued, "and say that I look for no especially good news for many months to come. And we may have had news long before we can see it, but that does not alter my opinion. This war is not going to be won or lost in the east."

If you look at the tendency as a whole, I am convinced we are winning slowly but inexorably towards victory. Nothing to Fear in West. He expressed the opinion that there was nothing further to fear either in the western or eastern theatres of the war, adding:

In Flanders we are also not only to die slowly for shell, but two for the enemy's gun. A similar condition will soon prevail at the Russian front and I firmly believe that the danger of a winter campaign will not arise in the quarter."

Technical conditions in Germany produced by the silent pressure of the Allies, he said, were a great advantage in our favor, and the German people are coming to believe that victory is within their grasp.

All the heresies which have been shown all the ideas that have been so far, will have been in vain unless we get the world that never sleeps for generations to come will it be the power of any man or any group of men to turn the world into the chaotic chaos it has become.

THREE MEMBERS OF THE CABINET OF AUSTRIA QUIT

First Break Occurs in Governments of Central Powers Since War Began

American, Dec. 1. via London, London, 10.15 am.—Ernst, that several members of the Austrian cabinet have resigned are reported by an authoritative source from Emperor Francis Joseph, published in the morning paper of Vienna.

The emperor has accepted the resignations of Karl Helfferich, minister of the interior, and Baron Ernst von Starck, minister of finance.

Acceptance of these resignations is qualified with the proviso that the services of the retiring ministers are to be available if required.

Dr. Helfferich and Baron Engel have been appointed members of the upper house, while the rank of Freiherr has been conferred on Dr. Schuster.

Prince Hohenlohe-Schillingensiefen, president of the supreme court of appeals, has been appointed minister of the interior, and Herr von Rothemann, director of the Kredit-Anstalt, minister of commerce.

The first reports of the resignation of the Austrian cabinet ministers came simultaneously with the news of the resignation of the German cabinet. The semi-official Wolff Telegram of Monday and Tuesday night that several members of the cabinet would withdraw. No official information has been received concerning the state of affairs political, which brought about the resignation of the ministers, but their withdrawal, said Emperor William's interview with Emperor Francis Joseph has given free rein to speculation concerning Austria's reported willingness to enter upon peace negotiations.

has been reported that Emperor William went to Vienna on Tuesday, the situation although other dispatches were to the effect that Emperor Austria to make concessions to Germany for the purpose of keeping out of the war. These reports have been refuted by the emperor's interview with Austria, and they have been credited generally to the most sensational character which has been made in any of the columns of the Central Powers during the war. These statements, although they seemed to be the result of a tough position, governments have been forced to take, and a dispatch and there have been a number of withdrawals from the German front.

Reddy Dixon Has the Sympathy Of Billy M'Master, Ex-Referee

Recent Mobbing in Toronto Recalls Similar Instance in Hamilton

OTTAWA, Dec. 1.—Referee Dixon's experience in Toronto when the crowd rained him after the game, is by no means an isolated instance in Canadian football. Billy M'Master, of Montreal, had a most exciting time called to resume under the Ottawa banner. Billy M'Master, of Montreal, had a most exciting time called to resume under the Ottawa banner. Billy M'Master, of Montreal, had a most exciting time called to resume under the Ottawa banner.

Referee M'Master was blamed for the loss of the game, though he did not figure in the disputed touchdown. A temporary fence erected for the overtime crowd stood between the grandstand and the field. Through a gate in this fence the players and officials had to reach the field. The Ottawa players, on the other hand, were not allowed to approach the open end of the field. The Ottawa players, on the other hand, were not allowed to approach the open end of the field.

"You're a fine stiff, you are, M'Master," someone said. "You're a fine stiff, you are, M'Master," someone said. "You're a fine stiff, you are, M'Master," someone said.

He pointed toward the field and thence toward the direction indicated just long enough to give Billy a running start. The dressing room at the Hamilton grounds was located on an alley-way under the grand stand, and was probably one hundred yards from where M'Master started. The route was not straightforward either, but Arthur Duffy really did it. The century in nine-two, then Billy M'Master, who had been seen in seven but. All that can be seen of that play was that the crowd quickly was that. The crowd quickly was that. The crowd quickly was that.

It was an hour before the Ottawa team ventured out to mount their bus and ride to the hotel. M'Master, who had been seen in seven but. All that can be seen of that play was that the crowd quickly was that. The crowd quickly was that. The crowd quickly was that.

At the hotel M'Master remarked to a couple of Ottawa players, "Boys, me and death were on hand-ling this game this afternoon, but never again."

Eastern Hockey Promoters Still After Patricks' Men

Edmonton Hockey Season Opens At South Side Week From Monday

Fort Saskatchewan and 66th Battalion Draw the Opening Game. League Games Scheduled for Christmas and New Year's Day. Eight Teams in Local Intermediate Division.

The A.A.H.A. season so far as Edmonton is concerned, will open on Monday, Dec. 13, at the South Side rink, Fort Saskatchewan, and 66th Battalion drawing the honor of opening the season. It was decided to divide the league into two divisions, A and B, and the draw brought the clubs out in the following alignment: Division—Fort Saskatchewan, 66th Battalion, Pennants and 66th Battalion. Division—B, 66th Battalion, University of Alberta, Fort Saskatchewan and Swift Canadian.

Winners in A and B division will play off on Feb. 9 and 11, total goals to count. For the championship of Edmonton and a place in the provincial semi-finals.

It was announced at last night's meeting in the Y.M.C.A. that satisfactory arrangements have been made with Manitoba skidlers and all the league games will take place at the South Side rink. Two patriotic games will be played during the season, bringing together the military teams, and the proceeds will be turned over to the Patriotic and Red Cross funds.

Contracts and amateur union forms are now in the hands of the team managers, and players must be registered with Secretary James Mann of the A.A.H.A. before players are eligible to compete in a league game.

The following schedule was adopted: Dec. 13—Fort at 66th. Dec. 17—Borden at 66th. Dec. 20—Swifts at Varsity. Dec. 23—66th at 66th. Dec. 26—Swifts at Fort.

66th BATT. HOCKEYISTS The 66th Battalion hockey team practice their technique at the arena at the exhibition grounds from 5 to 7 p.m. All candidates for the team are invited to be present.

MORE GLORY FOR CORNELL Now that Cornell has produced a sliver of the glory the eleven has been able to win by the eleven, the team is now in a position to win the championship. The team is now in a position to win the championship.
